GÖZLEME

Gözleme is a traditional savory Turkish flat bread made of hand-rolled leaves of yufka dough, filled with savoury ingredients, sealed, and cooked over a grill.

Originally a breakfast item or light homemade snack, the name comes from the Turkish word göz meaning "compartment", in reference to the pocket of dough in which the various fillings are sealed and cooked.

The kitchens of the Ottoman Empire were a hotbed of competition and fierce rivalry as the palace chefs sought to create dishes that would impress the Sultan of the time.

The beauty of Turkish gözleme, and the process involved in its preparation has stood the test of time, from the Ottoman galleries of the past, to the kitchens of today.
